I will contact you with any special information. Pick up the float at the Lion's garage & pull it to the parade set-up location. The candy is in the Lions' board room where you can pick up the allotment of buckets for the particular parade. Please arrange for float riders including Lions, family, friends, or children. It would be good if you furnished beverages for them. After the parade, please put the float back in the Lions' garage.

Most parades allow throwing candy; do so with care by throwing it low to the curb. McGregor however doesn't allow throwing so we need walkers. If you want a tailgate or fast-food refreshment at the end of parade, that is your responsibility.

Thank you for serving the McGregor Lions with this project.
